Radiation Protection Learnerships Opportunity at Necsa Group 2023 / 2024

Description

The Radiation Protection Learnership at Necsa Group is a dynamic opportunity for individuals interested in pursuing a career in radiation protection and nuclear technology. The learnership program offers hands-on training, theoretical knowledge, and practical experience in radiation safety protocols, procedures, and regulatory compliance.

Responsibilities

- Participate in comprehensive training modules focusing on radiation protection principles, practices, and regulations.
- Assist in implementing and maintaining radiation safety measures and protocols in compliance with industry standards.
- Gain practical experience through exposure to various aspects of radiation protection in operational environments.
- Collaborate with experienced professionals to learn about radiation monitoring, control, and emergency response procedures.
- Engage in workshops, seminars, and practical sessions to enhance technical knowledge and skills related to radiation protection.
- Comply with safety protocols, adhere to established procedures, and contribute to a safe working environment.

Qualifications

- High school diploma or equivalent qualification.
- Strong interest in radiation protection, nuclear science, or related fields.
- Excellent communication and interpersonal skills.
- Ability to work effectively in a team and independently.
- Willingness to learn and adapt in a dynamic environment.
- Commitment to adhering to safety regulations and protocols.

Job Benefits

- Hands-on training and mentorship in radiation protection and nuclear technology.
- Exposure to real-world applications and operational environments.
- Potential career advancement opportunities within Necsa Group.
- Competitive stipend/salary during the learnership program.
- Certification and recognition upon successful completion of the program.

Contacts

Interested candidates meeting the above requirements are invited to submit their resume along with a cover letter explaining their interest in radiation protection and why they wish to join the Necsa Group's Radiation Protection Learnership program.

Necsa Group is an equal opportunity employer and encourages applications from diverse backgrounds. Only shortlisted candidates will be contacted for further
