Servest: Health and Safety Internships 2024 / 2025 Latest Application

Description

Servest is seeking a proactive and motivated individual to join our team as a Health and Safety Intern. This internship offers a unique opportunity to gain hands-on experience in the field of occupational health and safety while contributing to the success of diverse projects within our organization.

Responsibilities

- Assist in the development, implementation, and evaluation of health and safety policies, procedures, and programs.
- Conduct research and analysis on relevant regulations, standards, and best practices to ensure compliance and continuous improvement.
- Participate in workplace inspections, risk assessments, and incident investigations to identify hazards and recommend corrective actions.
- Collaborate with cross-functional teams to promote a culture of safety, providing guidance and support to employees and stakeholders.
- Assist in the preparation of training materials, presentations, and communications related to health and safety topics.
- Support data collection and analysis efforts to monitor key performance indicators and trends, facilitating informed decision-making.
- Stay updated on emerging trends, technologies, and innovations in the field of occupational health and safety.

Qualifications

- Currently pursuing a degree in Occupational Health and Safety, Environmental Health, Industrial Hygiene, or a related field.
- Strong interest in health and safety principles, regulations, and practices.
- Excellent communication and interpersonal skills, with the ability to work effectively in a team environment.
- Detail-oriented with strong analytical and problem-solving abilities.
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- Ability to adapt to a fast-paced and dynamic work environment.

Job Benefits

- Hands-on experience in a leading facilities management organization.
- Mentorship and guidance from experienced professionals in the field.
- Opportunity to make meaningful contributions to real-world projects.
- Flexible work arrangements (remote/on-site) based on individual preferences and organizational needs.
- Potential for career advancement and future employment opportunities within Servest.
