Vhembe TVET College Learnerships 2023 / 2024 Apply Now

Description

Vhembe TVET College offers learnerships aimed at providing practical training and theoretical knowledge in various technical fields. These learnerships provide a platform for individuals to acquire hands-on skills and expertise within their chosen disciplines.

Responsibilities

- Engage in theoretical learning sessions and practical training as per the learnership curriculum.
- Participate in practical assignments, workshops, and assessments related to the chosen field of study.
- Follow instructions from mentors and instructors, and actively contribute to learning activities.
- Adhere to college policies, safety protocols, and guidelines throughout the learnership program.
- Complete assigned tasks and projects, demonstrating acquired skills and knowledge.

Qualifications

- Matric certificate or equivalent qualification relevant to the chosen learnership field.
- Passion for technical or vocational fields and a desire to learn and grow.
- Strong work ethic, dedication, and willingness to learn.
- Good communication skills and ability to work effectively in a team.
- Commitment to following safety standards and procedures.

Job Benefits

- Comprehensive practical training and exposure in a chosen technical field.
- Guidance and mentorship from experienced instructors.
- Exposure to real-world applications in the selected discipline.
- Potential for career advancement and further educational opportunities.

Contacts

1. **Prepare Application Documents:** Compile a comprehensive application including your updated resume, a cover letter expressing your interest in the Learnership programme, and any relevant educational certificates or qualifications.
2. **Submission Options:** Applications can be submitted through the following methods:
 - Email: Send your application to the specified email address provided by the college.
 - Online Portal: Utilize the college's official application portal, if available, to submit your application electronically.
